

Section 179 tax savings

Program benefits

Section 179 of the IRS tax code lets businesses deduct the full purchase price of qualifying equipment financed during the tax year, up to \$1,080,000. Bonus depreciation is also available to those who purchase over \$2,700,000 in qualifying equipment!

Instead of depreciating newly acquired equipment over several years, you can take the full deduction now and save real money on your bottom line. You need to purchase your equipment and have it in service by the end of the calendar year.

Sample savings

Equipment cost	\$50,000
Total first year depreciation	\$50,000
Potential tax savings	\$10,500
Actual equipment cost*	\$39,500

3 simple steps to get started

Apply online in as little as 3 minutes.

Sign your documents electronically.

Get your equipment.
